

FULL TIME (M/W/X) **MEDICAL SOFTWARE QUALITY ENGINEER**

Because the quality of our medical software products is our top priority, we are looking for reinforcement for our Quality Engineering Team.

4320 Perg, Austria

€ 2.854 - 4.761 (38,5h)

Home Office 50-75%

Your Skills

- You enjoy finding errors, you have eyes like a hawk for mistakes and accuracy is in your blood.
- You are aware that medical devices are not just scalpels and you therefore want to help develop medical software.
- You can identify with our mindset that medical devices will become more and more digital in the future.
- You are tech-savvy and preferably have a degree from an HTL/FH/university with a technical focus or a sound technical education.
- To round out your profile, knowledge of a modern programming language such as C#, Java, etc. would be an advantage.
- Tools like Selenium or Appium are not foreign to you.
- You enjoy working in an agile, fun and supportive team.
- You want to learn new, interesting areas of web based software development and quality assurance.
- If some or even all of these points apply to you and you want to advance medical technology together with us, you are exactly right with us.

Your Tasks

- Collaboration in international project teams
- Planning, organization and execution of test procedures and related documentation activities
- Continuous development of applied methods and tools in the area of software quality assurance
- Conceptual design and implementation of automated test procedures
- Sensitization of project teams and creation of the necessary awareness and knowledge for software quality

We Offer

- Flexible working hours (home office option) and independent working in a young team
- Versatile technical projects in medical technology - with your work you help a lot of people every day
- Flat hierarchies and a pleasant working atmosphere
- Possibility for personal development and training
- Exciting employee events
- Good coffee, chess and table football
- Free on-site parking
- Close to the train station
- Work equipment (Windows/Mac) of your choice
- Company cell phone (Android/iOS) of your choice

Salary

The minimum annual salary is **39.956€ to 66.654€ gross on a full-time basis.**

About CADS

CADS GmbH, based in Perg, in collaboration with the KLS Martin Group, is the world's leading medical device manufacturer for surgical innovation with its visionary software solutions for professional use.

Digital Health is our Passion. This passion has been the basis of our success for 15 years and makes us a very special employer. We create groundbreaking software solutions that benefit patients and physicians worldwide.

We are constantly working on new developments and industry solutions and see the ideas, skills and potential of our employees as a central component.

You would like to join us on this path and contribute to helping people with your work? Then we would be happy to get to know you and welcome you to our team.

Would you like to become part of our team?
Then send us your application to:
