

## FULL TIME (M/W/X) PROJECT QUALITY ENGINEER

In order to drive the development of our innovative software solutions in the field of medical technology, we are looking for a motivated Project Quality Engineer with professional experience to support projects.

**4320 Perg /  
4053 Ansfelden**

**3.175 - 5.500€  
(at 38,5h)**

**40-60%  
Homeoffice**

### Your Skills

- You have an affinity for software. You don't have to be a developer, but some software knowledge is an advantage.
- You already have professional experience and some experience in risk management, verification and creating technical documentation.
- You enjoy approaching people, have a talent for organization and work conscientiously.
- You have a degree from an HTL/FH/University with a technical focus or a sound technical education.
- You have very good German and English skills.

### Your Tasks

- Supporting the project manager with project-related topics such as the creation of documentation
- Collaboration in requirements engineering
- Moderating and coordinating risk analyses
- Developing test strategies together with software quality engineers
- Reviewing customer feedback
- Collaboration in change management

### We Offer

- Exciting and diverse projects in the field of medical technology
- Flexible working hours with remote work options and independent work in a young team
- Friendly and supportive work environment
- Engaging team events
- Opportunities for personal growth and professional development
- Great coffee, chess, and table soccer
- Free parking in Perg and Ansfelden
- Convenient locations near train stations in Perg and Ansfelden
- Company bike program
- Meal subsidy („Schränkerl“)
- Workation opportunity (up to 2 weeks per year, subject to agreement)
- Group health insurance with premium benefits

### Salary

The annual salary is **44.450 - 77.000€ gross on a full-time basis.**

Willingness to pay more based upon qualifications and experience.

### About CADS

CADS GmbH, based in Perg, in collaboration with the KLS Martin Group, is the world's leading medical device manufacturer for surgical innovation with its visionary software solutions for professional use.

Digital Health is our Passion. This passion has been the basis of our success for 15 years and makes us a very special employer. We create groundbreaking software solutions that benefit patients and physicians worldwide.

We are constantly working on new developments and industry solutions and see the ideas, skills and potential of our employees as a central component.

You would like to join us on this path and contribute to helping people with your work? Then we would be happy to get to know you and welcome you to our team.

Would you like to become part of our team?  
Then send us your application to:
